By approx. 7:45 pm Monday 8-3-2026 The Admin Building and Main Warehouse and Shop were under a Mandatory Evacuation Order - CCWDs focus was continuity of Service and making water available to fire fighters

The ensuing days during the fire CCWD focused on ensuring the Main Warehouse and Shop was as best prepared as possible to weather a wildfire, the Jenny Lind WTP remained optimized for production, and Staff worked business as usual as best they could

Throughout the fire, CCWD also focused on reaching out to our impacted Team Members, offering support, and providing assistance. Many of our CCWD Family Members have been affected by the Gann Fire
